

Day 2 Lessons learned from cooperative audits

Agenda Item Overview

On Wednesday, 9 November, the second half of the morning session is dedicated to experiences from jointly conducted audits.

In the WGEA Work Plan for 2011- 2013 SAIs are further encouraged to increase cooperation on environmental audits.

SAIs share their experiences and lessons learned from parallel audits:

- **Ecuador** - Environmental Administration towards the protection and conservation of natural resources on the Amazon Region
- **Malaysia/ Indonesia** - Parallel Audit on Management of Mangroves in the Straits of Malacca and Impact to Environment
- **Norway/Russia** - Challenges and lessons learned in two parallel environmental audits

Additional cases of cooperative audits can be found in the WG14 Compendium:

- **Brazil** - Audit of climate changes within the COMTEMA
- **Tanzania** - Fisheries on Lake Victoria
